FINISH

Zero finish technology is the latest development in laminates that is the world's only and most precise technology to give laminates the natural, authentic and genuine touch, feel and look like wood veneer. In Honest Laminates the zero finish technology has been adopted to give a perfect matching of natural veneer colour, grain and matt finish laminate. Interestingly, you just can't figure out that it is not a real wood veneer. It comes with a wide range of finest quality laminates to ensure endurance and strength.

HONEST MICA Highlight :

- Design from genuine imported base paper
- Manufactured using best quality kraft paper.
- Use of best chemical raw materials for batter flexibility & durability.

Care & maintenance :

Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.

Disclaimer : Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Sample presented are indicative pf colour, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only.

Limited Warranty : HONEST MICA warrants that its products are reasonable free from manufacturing defects. The products when properly used, will comply with normal deviation, to related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care, improper use and / or any alteration. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. HONEST MICA is used for various applications, without the possibility of control over the manufacturing of the finished products. The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

Important Note : Premium Designs in Honest Mica are marked as

Actual Thickness and Sanding Sample
